book report

I just read a story called The Tale of Despereaux, by Kate DiCamillo. This story takes place in a huge castle. The main characters are, Despereaux a sweet mouse in love, Princess Pea the sweet princess of the castle, Roscuro a rat who wants revenge, and Miggery Sow a 12 year old poor girl.

The story begins when Despereaux is born in the walls of a castle. He thinks differently from all the other mice. He wants to explore not hide.

One day Despereaux goes to meet the princess pea and falls in love with her. When the other mice find out they send him to the smelly, dark, horrible, and scary dungeon,

because it was against the mice council rules.

In the dungeon there are evil rats. One rat, named Roscuro, is also different. One day Roscuro decides to go up stairs to the light of the castle.

By accident he falls into the queen's soup and she dies

of fright. Soup from then on was illegal in the

Kingdom. The Princess Pea blames Roscuro for her

mom's death, so he wants revenge. Roscuro plans to

take the Princess Pea to the dungeon forever.

Roscuro gets help from Miggery Sow. She is

the new, very odd, not so smart girl who helps

around the castle. Despereaux hears about

the plan and tries to save the princess before it
